**REPORT OF INSPECTION CONDUCTED BY FINANCE  
(INSPECTION- NT) WING IN THE KERALA MEDICAL SERVICES  
CORPORATION LIMITED, THIRUVANANTHAPURAM**

Finance Inspection (NT-H & J) Wing have conducted a joint inspection in the Kerala Medical Services Corporation Ltd., Thiruvananthapuram on 20<sup>th</sup>, 21<sup>st</sup> January 2012 and 22<sup>nd</sup> February 2013 and also conducted related enquiries at Regional Cancer Centre on 17.08.2012 and various District and Taluk Headquarters Hospitals during February 2013. The Inspection was carried out based on the orders of Hon'ble Finance Minister on a complaint alleging corruption in the purchase of certain items by the Kerala Medical Services Corporation Limited in Tender No.009/111/MD/KMSCL/2011-12 Dated 31.10.2010. General Manager Smt. Asitha Bai was present during the course of the inspection. The allegations in the complaint are briefed below:-

**ALLEGATIONS**

- 1) Corruption is done on the purchase of Product Codes S 27037 (IV Cannula with Injection Port 22G), S 27038 (IV Cannula with Injection Port 24G), S 27096 (IV set with Needle), S 27009 (Blood Administration set with Micro Aggregate Filter).
- 2) Technical Committee of KMSCL rejected all the competitor's products except that of M/s. B Braun quoting lame and incorrect reasons; but such products are being used in leading private institutions as well as in the Institutions like Regional Cancer Centre, Sree Chithira Institute, Thiruvananthapuram etc.
- 3) The equipment "Stimuplex Nerve Locators" has been purchased from M/s B.Braun with higher price and dumped in many hospitals without using the same.

**Observation and Findings of Finance Inspection Wing**

**With respect to Allegation No.1 & 2 (Corruption is done for the purchase of Products and Rejection of Items of certain Companies by the Technical Committee quoting lame and incorrect reasons)**

The Kerala Medical Services Corporation was established in December 2007 with mandate of procurement of quality drugs and medical equipments and distribution of the same to the Medical College Hospitals and to institutions from the level of Primary Health Centre up to General Hospitals. The company commenced with its procurement and distribution activities from 2008-09 onwards. The requirement of each item is fixed based on the annual indents received from the DHS and Director of Medical Education. The products are procured through National competitive bidding process. The Corporation adopts a two bid tender system, which requires the tenders to be presented in two parts (a) Technical Bid and (b) Price Bid.

As per Tender Notice No.009/111/MD/KMSCL/2011-12 Dated 31.11.2010, Kerala Medical Service Corporation Limited had floated tender for items S 27037 (IV Cannula with Inj. Port 22G), S 27038 (IV Cannula with Inj. Port 24G), S 27096 (IV set with Needle), S 27009 (Blood Admn. Set with MA Filter) along with 85 other Medical Devices. The Technical bid of the Tender was opened on 01.02.2011. The details of bidders who have participated in the tender for the above items are shown below:-

The bids of the above firm were undergone the following check measures

- i) Preliminary evaluation of technical bid.
- ii) Sample evaluation by the Technical Committee.
- iii) Factory Inspection.

The samples of bidders who qualified in the preliminary evaluation of technical bid has undergone a sample evaluation by the Technical Evaluation Committee. For this a Technical Evaluation Committee was constituted comprising of a team of 16 Doctors from various Speciality Departments of Medical College Hospitals and other Government Hospitals nominated by the Directorate of Health Service and Director of Medical Education. Consequent on the sample evaluation, inspection of factory premises was done by a team consisting of Senior Officers of Drugs Control Department, Government College of Pharmaceutical Science and Doctor either from Directorate of Health Service or Directorate of Medical Education.

The status report of Technical evaluation, Sample evaluation and factory inspection for the items of the above mentioned firms are shown below:-

Sl. No.	Drug Code & Name	Bidders Name	Rejected or accepted	Mode of rejection

		IVE Links	Rejected	Sample evaluation
		Polymedi-care Ltd	Rejected	Sample evaluation and Factory inspection
		Sisco Medical Devices Pvt Ltd	Rejected	Technical evaluation
		National Small Industries Corpn. Ltd.	Rejected	Technical evaluation
		Braun Medicals (India) Ltd	Accepted	

At the end of all the above evaluation M/s. Braun Medical (India) Ltd. alone left as the sole eligible bidder for the above products. Consequently, price bid of the firm was opened on 13.07.2011. On evaluation, it was noticed that the price quoted by the firm was several times more than the price at which it was procured in the last purchase of the previous year.

The 16<sup>th</sup> meeting of Board of Directors held on 14.09.2011 evaluated the above situation and explored the possibility of re-tendering, but the Committee felt that it would take another 2 to 4 months for finalization and commencement of supply. Since shortage of certain items were reported from several corners supply order was given to M/s. B. Braun Medicals (India) Limited.

The above decision of the Committee cannot be treated as in good faith but only to help a particular firm viz. M/s. B. Braun Medicals (India) Limited.

The table below depicts the comparative statement of price difference of purchase made by Kerala Medical Services Corporation Limited for the above items during 2010-11 & 2011-12.

**Comparative statement of price difference of purchase of the 4 items made by Kerala Medical Services Corporation Limited during 2010-11 & 2011-12**

Item code & Name of product	2010-11			2011-12			Price difference per unit ₹
	Lowest Bidder	Rate of purchase (Rs.)	Quantity purchased (Nos.)	Price quoted by B.Braun Medical (India) Limited	Rate of purchase ₹	Quantity purchased (Nos.)	
S 27009 Blood Administration set with microaggregate filter	Careon Medicals IVE LINKS	6.60	159319	B.Braun Medical	41.00	76600	34.40
S 27096 I.V.Set with needle	Deluxe Surgicals	3.28	4656188	B.Brawn Medical	24.00	2195990	20.72
S 27038 I.V.Cannula	B.Brawn Medical (L1)	36.50	1423247	B.Brawn Medical	36.50	508300	No difference with the previous year
S 27037 (IV Canula with Inj. Port 22G)	B.Brawn Medical (L1)	28.00	2237125	B.Brawn Medical	26.00	761400	₹2/- Less than previous Years supply

From the table, it is clear that for the above products during the financial year 2011-12, only the M/s. Braun Medicals (India) Limited was entertained with very huge price even though the price quoted by them are more than 6 to 7 times higher than previous supply. The item code S-27009 was procured during 2011-12 with an exorbitant price difference of more than six times. Thus an additional financial commitment of ₹26,35,040/- was

happened to Government exchequer. Same is the case with the product code S 27096, where the price difference is more than 7 times which adds an additional expenditure of ₹4,55,00,912/- Thus a total additional financial commitment of ₹4,81,35,952/- (₹26,35,040/- + ₹4,55,00,912/-) was happened to Government exchequer in the purchase of the above two products. Such instances may also be happened in other purchases too. It is not at all justifiable whatever the reasons cited by the Kerala Medical Services Corporation Limited. Though Finance Inspection Wing is not competent to evaluate the reasons for rejection cited by the Technical Committee, the main point of contention of rejection by KMSCL ie, rejection in Technical bid is not at all convincing and is against all financial rules and regulations due to the following reasons.

- i) The enquiry conducted at Regional Cancer Centre, Thiruvananthapuram revealed that item No. S 27009, S 27096 supplied by IVE Links having a price of ₹6.60 and ₹3.28 in the place of M/s. Braun Medicals (India) Limited of ₹41.00 and ₹24.00 respectively per unit are being extensively in use even in 2013 in this Hospital without any complaint.
- ii) The Technical Evaluation Committee of Kerala Medical Services Corporation Limited for 2010-11 accepted the items produced by the rejected Company during 2010-11 after sample evaluation ie, in a span of within one year good products of certain Companies are rejected by the Technical Committee during 2011-12.

Further, it is noticed that though the Tender Procedure for the procurement of the items was commenced on 31.11.2010 the Kerala Medical Services Corporation Limited Authorities could finalize the Tender procedure only by 14.09.2011, ie. 10 months time has taken for the finalization of the Tender Procedure. This inordinate inexplicable and

culpable delay made in the finalization of Tender procedure ultimately hampered the in-avoidable option of Re-tendering in the context where there was one eligible bidder in the price bid that made an additional financial commitment of ₹4,81,35,952/- to Government exchequer.

The above instances proves that the Technical Evaluation Committee as well as the authorities of Kerala Medical Services Corporation Limited directly or indirectly showed undue favoritism towards M/s. B. Braun Medicals (India) Limited that made the monopoly of M/s. B. Braun Medicals (India) Limited in majority of items.

### **Allegation No.3**

#### **(Purchase of Stimuplex Nerve Locators from M/s. Braun Medicals (India) Limited with higher price and dumped in many Hospitals without using)**

Government vide G.O.(Rt.) No.3129/2010/H&FWD Dated 07.08.2010 had accorded administrative sanction for the procurement of 20 Nerve Locators to the following Hospitals.

Vide Tender Notice No.EQPT-196-07/2010 Dated 04.09.2010, Kerala Medical Services Corporation invited tender for the procurement of Nerve Locators. Due to insufficient participation of Tenderers, re-tender was invited vide Tender No. No.EQPT-196-08/2011 Dated 06.01.2011. Two Tenderers submitted their offers - M/s. Hansraj Nayar and M/s. Braun Medicals (India) Limited. Both the bidders demonstrated their offered models of equipment on 01.03.2011 at Kerala Medical Services Corporation Head Office. The equipment offered by M/s. Hansraj Nayar was not matching with the stipulated Tender specifications and their offer was rejected. Consequently, the price bid of M/s. B. Braun Medicals (India) Limited opened on 12.05.2011. The rate offered by M/s. Braun Medicals (India) Limited for one Nerve Locator was ₹56,307.64. After negotiation they agreed to make a discount of 5% and the final agreed value comes to ₹53,492.26 The supply order was placed to the M/s. Braun Medicals (India) Limited for the supply and installation of 20 numbers of Nerve Locators. During the supply and installation of these equipments, District Hospital, Kozhenchery has returned one equipment out of the allotted quantity of two as their requirement is one only. The full payment has been made to the supplier for 19 units against the submission of Installation Certificate and Performance Certificate signed by the end users.

With respect to the allegation of dumping the Nerve Locator in many Hospitals without using, Finance Inspection Wing conducted inspections in that Hospitals to which the equipment was supplied and confirmed that the Nerve Locator is properly functioning in that Hospitals and found that the allegations in this regard is baseless.

### **RECOMMENDATIONS**

- 1) By accepting the sole price bid of M/s. B. Braun Medicals (India) Limited at exorbitant rate during 2011-12, Kerala Medical Services Corporation Limited has made an additional financial commitment of ₹4,81,35,952/- to Government exchequer. The action of Technical Committee in rejecting the items of certain Companies cannot be considered in good faith as the rejected products are extensively used and in use in Institutions like Regional Cancer Centre and such products are also accepted by the very Technical Committee of Kerala Medical Services Corporation Limited during 2010-11. The officials of Kerala Medical Services Corporation Limited ~~also made~~ inordinate, inexplicable and culpable delay in finalizing the Tender formalities as it hampered the in-avoidable option of re-tendering in the context that there was only one bidder qualified for the price bid after the technical bid. Hence, the amount should be fixed as the liability of the following officers of Kerala Medical Services Corporation Limited, ie. Managing Director, General Manager and Purchase Manager and the members of the Technical Evaluation Committee. Also appropriate disciplinary action should be taken against the Officers.

- 2) Finance Inspection Wing also recommends that all the Technical Committee Members of Kerala Medical Services Corporation Limited for the year 2011-12 should be avoided from succeeding Technical Committees of Kerala Medical Services Corporation Limited and similar type of institutions/committees if any.
- 3) The Administrative Department may take up the issues with the Vigilance and Anticorruption Bureau to enquire into the assets, movable and immovable, if any acquired by the members of Technical Evaluation Committee and the Officials of Kerala Medical Services Corporation Limited during 2011-12.
- 4) Considering the huge loss sustained to Government on account of the 2 items purchased by Kerala Medical Services Corporation Limited during 2011-12, the Vigilance and Anticorruption Bureau may be requested to enquire into the other purchases made by Kerala Medical Services Corporation Limited during 2011-12.
