Read : G.O.(P)No.657/2000/Fin dated 22-3-2000

**ORDER**

The delegation of financial powers to the various officers of Public Works Department, Irrigation, and Departments of the Administrative Secretariat were revised as per the Government Order read above. Accordingly, the Chief Engineer was given unlimited powers for issuing Technical Sanction, whereas the powers for giving Administrative Sanction were limited to 1.5 times of the budget provision excluding the works funded by external agencies and existing arrears.

According to the proviso contained in the PvWD Manual technical sanction should not exceed 15% of the Administrative Sanction, but as there is no monetary limit to the Technical Sanction as per the Government Order cited above the Technical Sanction is likely to go up to several crores of rupees.

In order to avoid this situation, Government after having examined the matter in detail are pleased to issue the following modifications to the Government Order cited above.

i) Technical Sanction shall not exceed 15% of the Administrative Sanction.

ii) The powers of the Chief Engineer to issue Technical Sanction will be limited to Rs.2 crores and for acceding Technical Sanction above Rs.2 crores, but up to Rs.5 crores, a team of Chief Engineers (Chief Engineer concerned, Chief Engineer (Design) and Chief Engineer (Planning and Monitoring) shall be the competent authority.

iii) For acceding Technical Sanction above Rs.5 crores a Committee consisting of Chief Engineers, Secretary (Irrigation) and Secretary (Finance Expenditure) shall be the authority. Separate Technical Sanction shall be obtained in project work such as electrical works, AC fittings, Installation of Lifts.

iv) For Departmental works prior Government Sanction should be obtained with detailed estimate and time of completion of the works.
