Note - 33**Segment Reporting**

The Board is operating only in one segment in providing funds for investment for critical and large infrastructure projects in the State of Kerala and hence there are no other separate reportable business and geographical segment.

Note - 34

Impact of Covid – 19 on the Accounts - Serious disruptions to trade, business and industry have been caused by the adverse impact of Covid-19 pandemic from March 2020 onward and this is still continuing. Though there could be certain consequential delays in the financing and implementation of major infrastructure projects, being financed by the Board, on account of the above, this does have any material impact in the financial position i.e, on the assets and liabilities position as at 31.03.2021, as per assessment of the management.

Note - 35

Internal Audit System / standard operating procedures - During the year 2020-21, there was no system of internal audit of transactions in the Board. However internal checks and inbuilt controls have been in force to effectively monitor and safeguard the best interests of the Board, including from a propriety angle. The Board has considered the need of internal audit and tendering process for appointment of Internal auditor is initiated during the year on the basis of risk based internal audit framework got prepared by a firm of chartered accountants. Standard operating procedures for carrying out transactional activities have also been prepared and duly approved by the board, which will be implemented in the year 2021-22.

Note -36

Previous year's figures have been regrouped / reclassified wherever necessary to correspond with the current year's classification / disclosure.

- Note** 9.1 The management estimates that the future economic benefit from the expenditure towards issue of Masala Bond and issue of KSFE Bond will accrue to the Board over the period of the Bond being 5 years. Accordingly, such expenditure are treated as Intangible Asset and amortised over 5 years.
- 9.2 The property, plant and equipment and the intangible assets are purchased using the corpus fund received. However, the amount is not deducted from the gross value of assets or no separate deferred income is recognised for an amount equivalent to the cost of asset in accordance with AS-12 Accounting for Government Grants, since the break up details of assets acquired out of corpus fund/loans have not been maintained.
- 9.3 The system of maintenance of a formal Fixed Asset register showing full particulars of assets in various locations and physical verification of fixed assets is in the process of implementation. Physical verification of fixed assets and reconciliation of values with asset register is pending to be done and adjustments if any required on such verification would be made in the succeeding year on completion of this process. Based on the management assessment of the internal controls in place over physical possession and available records regarding details of fixed assets, no material discrepancies are expected to arise on physical verification of fixed assets.
