Shri G. P. Unnikrishnan, Under Secretary.

## INTRODUCTION

I, the Chairman, Committee on Public Accounts, having been authorised by the Committee to present this Report, on their behalf present the 101st Report on Action Taken by Government on the Recommendations contained in the 122nd Report of the Committee on Public Accounts (2008-2011).

The Committee considered and finalised this Report at the meeting held on 3rd June, 2015.

Thiruvananthapuram,  
30th June, 2015.

DR. T. M. THOMAS ISAAC,  
*Chairman,*  
*Committee on Public Accounts.*

## **REPORT**

This Report deals with the Action Taken by Government on the recommendations contained in the 122nd Report of the Committee on Public Accounts (2008-11)

The 122nd Report of the Committee on Public Accounts (2008-11) was presented to house on 20th July, 2010. The Report contained twenty three recommendations relating to Fisheries and Ports Department. Government was addressed on 5th August, 2010 to furnish the statement of Action Taken on the recommendations contained in the Report and the final copies were received on 18th July, 2014.

The Committee considered the Action Taken statements at its meetings held on 18-12-2013 and 20-8-2014. The Committee was not satisfied with the Action Taken by Government on the recommendations on Para Nos. 29 and 37 and decided to pursue them further. Such recommendations, replies furnished there on and further recommendations of the Committee are included in Chapter I of this Report.

The Committee decided not to pursue further action on the remaining recommendations on Para Nos. 9, 92, 93, 94, 95, 96, 97, 98, 99, 100-110 and 113 in the light of the replies furnished by Government. The recommendation of the Committee and Action Taken by Government are included in Chapter II of this Report.

### **CHAPTER I**

#### **RECOMMENDATION IN RESPECT OF WHICH ACTION TAKEN BY GOVERNMENT ARE NOT SATISFACTORY AND WHICH REQUIRE REITERATION FISHERIES & PORTS DEPARTMENT**

##### **Recommendation**

*(Sl. No. 2, Para No. 29)*

- 1.1 The Committee expresses its displeasure over the lethargic attitude of Matsyafed in implementing the scheme envisaged to provide employment to poor fisher women. The Committee views this as lack of seriousness and

purpose from the part of Matsyafed and Fisheries Department, even though the scheme was approved in 1991-92 and the fund transferred to Matsyafed in 1996, the amount remained unspent till 2004 and the scheme could not be implemented as originally envisaged resulting in short generation of employment to 2000 fisher women. The Committee regrets to note that though it urged the Department to furnish the details regarding the year-wise total turnover of the trainees (2006-07 onwards), the number of Self Help Groups working, the number of people who got training and currently working in this field, the survival percentage of the SHGs, and the details of value added products produced by the SHGs, the same are yet to be furnished by the department. Hence it is directed that the desired details must be intimated without fail.

### **Action Taken**

- 1.2 The facilities provided per group was only to the tune of ₹ 33,000 and the average business turnover of the unit is ₹ 1,500 per month. The average per head production was only ₹ 150 per month. The total turnover during 2006-07 was ₹ 10.50 lakh. After that some of the units have become defunct after the Tsunami and the others are not functioning due to increase in the price of trash fishes (low value fishes). The lack of adequate forward linkages in marketing the finished products has also affected the operation of the Units.

The products produced were Prawn/Fish pickle, Fish/Prawn Chutney, Fish Cutlet, Dry Fish/Prawn, Clam pickle, Fried clam, Ready to cook fish etc.

Under Trash Fish Project an amount of ₹ 9.25 lakh was utilized through Matsyafed Ice and Freezing Plant, Kochi for imparting training to the beneficiaries through Government Agencies like Integrated Fisheries Project, Central Institute of Fishery Technology and Non Governmental Organizations like Kerala Vocational Training Centre, Emakulam, Centre for Women in Action, Kochi etc. 500 women of 50 groups were trained and 50 production units were established under Vanitha Societies during the year 2004-05.

The details of training expenses incurred through the various institutions are given below:

Sl. No.	Name of Institution	Number of Persons trained	Amount Utilized ₹
1	Ice & Freezing Plant, Kochi	100	1,02,000
2	Central Institute of Fisher Technology	10	26,000
3	Kerala Vocational Training Centre, Emakulam	230	3,32,800
4	Centre for Women in Action, Kochi	160	2,56,000
Total		500	8,18,800*

\* The Total Amount released for training was ₹ 9,25,000 and the balance amount of ₹ 1,06,200 was utilized for the training of groups in District production units.

Subsequently 2000 fisher women were also trained by the above production centers in the districts and thus total 250 units were formed for the production of value added products from trash fish. The products produced are Prawn/Fish pickle, Fish/Prawn Chutney, Fish cutlet, Dry Fish/Prawn, Clam pickle, Fried clam, Ready to cook fish etc. We have also given training on group activities and Entrepreneurship Development to those groups which are assisted under the project and found defunct in association with Kudumbasree. An amount of ₹ 1,06,200 was utilized for these trainings.

Out of these 250 units, 55 units are working at present. The survival rate is only 22%. The year-wise survival details are as follows:

Sl. No.	Year	Number of Units started production	Number of working Units
1	2004-05	50	50
2	2005-06	200	213
3	2006-07		175
4	2007-08		83
5	2008-09		55

The facilities provided per group was only in the tune of ₹ 33,000 and the average business turnover of the unit is ₹ 1,500 per month. The per head production is only ₹ 150/month. The low landings and subsequent increase in price of Trash Fish/low value fish varieties are the main reasons for this low production and non functioning of the groups.

### **Further Recommendation**

- 1.3 The Committee opined that the programme was a total failure and directed the Department that before starting such micro enterprise programmes, this experience must be borne in mind.

### **Recommendation**

*(Sl. No. 3, Para No. 37)*

- 1.4 The Committee accepts the contention of the department that the delay in implementation of the modified Savings-cum-Relief Scheme for fishermen in 2000-01 occurred since the decision was taken in the interest of the fishermen. The Committee finds that the Department could have made more serious efforts to obtain the eligible Central Government share of ₹ 1.92 crore as pointed out by the Comptroller and Auditor General which has not been released till date. The Committee would like to be furnished with a report stating the present position in the matter and the details regarding the Savings-cum-Relief Scheme implemented at present.

### **Action Taken**

- 1.5 Every year, Government of India provided a specified amount under Centrally Sponsored Scheme as central share. This amount may not be sufficient to meet the central share of the scheme implemented by the state Government and in most cases is for less than the actual central share due. Hence the state Government do not receive the due amount of central share as per the total expenditure incurred by the state. In such cases, arrear amount are not sanctioned by Government. The efforts made by the department for obtaining the eligible share of ₹ 1.92 crore as pointed out in audit has not been successful so far ₹ 4.15 crore was obtained from Government of India as Central Share as against the eligible amount of ₹ 4.28 crore. ₹ 8.40 crore, that is the entire amount of eligible central share was received during the year 2009-10.

At present, the scheme is uniformly implemented for both marine and inland fishermen. Relief is to be given to fishermen uniformly for three months of lean period while seeking savings from them for 9 months. The fishermen contribution of ₹ 600 will be collected over a period of nine months. Contribution of ₹ 1,200 will be made by the Centre and State on 50:50 basis. Thus the total contribution of ₹ 1,800 will be distributed to the fishermen in 3 installments of ₹ 600 each. Fishermen registered with the KFWFB and professionally engaged in full-time fishing are eligible for the benefit. Though the Government of India share is restricted to the fishermen living below poverty line, the State Government had extended the benefit to all fishermen from 2008-09 onwards. Around 1.78 lakh fishermen are getting the benefit of the scheme in the State and the relief is distributed during the lean period of April, May and June in case of Marine Sector. Relief is distributed during the lean period of June, July and August in the case of Inland Sector.

### **Further Recommendation**

- 1.6 The Committee directed that in future the department must be watchful in submitting the proposals to the Central Government in time.

### **CHAPTER II**

### **RECOMMENDATION IN RESPECT OF WHICH THE COMMITTEE DO NOT DESIRE TO PURSUE ACTION IN THE LIGHT OF THE REPLIES FURNISHED BY GOVERNMENT**

### **FISHERIES AND PORTS DEPARTMENT**

#### **Recommendation**

*(Sl. No. 1, Para No: 9)*

- 2.1 The Committee views the overall extra expenditure of ₹ 6.4 crore incurred by Government towards the construction of the breakwater to the Harbour as a serious lapse and describes it as a fine example of inefficient planning and implementation of project and it recommends the Government to expedite R.R. action to recover the extra amount paid to the contractor. It is also suggested that a report containing the present position of the construction of the breakwater to the Harbour should be furnished to the Committee.

### Action Taken

- 2.2 M/s Top Construction was entrusted to execute the work of "development of Azhikkal Cargo Harbour-Construction of breakwaters." The work was not completed in time as per the agreement condition. Thereafter the contractor represented for revision of rates and revision of rates was granted vide G.O. (Rt.) No. 113/2013/F&PD dated 7-3-2003. Even after the extension of time of completion was granted, the contractor failed to complete the work and subsequently the work was terminated and arranged the work at the risk and cost of the contractor. Against this the contractor filed WP(C) No. 25733/06 before the Hon'ble High Court and the Court directed that the contractor should be given one more opportunity to complete the work. Accordingly extension of time of completion was sanctioned and supplementary agreement executed, with the petitioner. But even after its execution the contractor did not commence the work. Thus an amount of ₹ 1,24,13,650 was sustained as loss to Government. Thereafter the work was rearranged and awarded to another agency. The District Collector, Kollam was also requested to initiate action for Revenue Recovery for realizing the loss sustained by Government. As a result the land vide Survey No. 287/13 in Vettikkavala Village was taken over and auction procedure was initiated. Against this the contractor filed WP(C) No. 6016/09 and No. 37300/10 before the Hon'ble High Court and the Court stayed the Revenue Recovery proceedings. The Advocate General was requested to take necessary action to vacate the stay. Subsequently, the Hon'ble Court vide its judgment dated 15-5-2013 set aside Ext. P4 to P7 assessment order and Exts. P8 termination order and P10 (Order dated 29-3-2008 of the Chief Engineer, Harbour Engineering Department). It is held that the Harbour Engineering Department is not entitled to recover any amount from the petitioner and the remedy open to the Harbour Engineering Department is to file a suit and recover any damages which are legally due to them. There is no further scope for challenging the judgment, considering the point that there is no order against the interest of Government in the judgment and court was pleased to remand the matter giving liberty to the department to complete the assessment afresh. In the light of the above facts the Chief Engineer, Harbour Engineering Department was directed to take necessary steps to file Civil Suit for realizing the amount due from the contractor in order to comply with the direction of Hon'ble High Court.

Accordingly the Chief Engineer, Harbour Engineering Department has initiated action to file Civil Suit in consultation with the Advocate General. The revenue recovery proceedings can be initiated only in accordance with the judgment/order of the Hon'ble Court to be pronounced in the Civil Suit to be filed.

The remaining work was rearranged and awarded at 29% above the estimate rate. During execution, heavy sinkage was observed and it persisted in a high rate. Because of that further advancement of breakwater length was not possible and hence, it was stopped on 20-4-2009.

### **Recommendation**

*(Sl. No. 4, Para No. 92)*

2.3 The Committee observes that the Fisheries Department committed serious dereliction of duty by not sending the budget estimates to the Finance Department in time. Absence of control over timely submission of budget estimates resulted in unrealistic estimates and defective budget proposals. The Department obtained supplementary grants when money was available in the original grant.

### **Action Taken**

2.4 Budget estimate of this Department are being submitted to Finance Department in time. No adverse remarks are received from Finance Department in this matter.

### **Recommendation**

*(Sl. No. 5, Para No. 93)*

2.5 The Committee views that the budgetary central mechanism in the Fisheries Department is ineffective and non-surrender of unutilized fund in the appropriate time. The Committee suggests that the internal control and audit mechanism has to be strengthened and the Department officials should keep strict vigil in order to prepare and submit the budget estimates in time and to surrender unutilized money if any within the stipulated time limit as specified in the KFC and Budget Manual. The Committee recommends the department to take stern action against officials who are found responsible for irregularities detected by the internal audit wing.

**Action Taken**

- 2.6 Proposals have already been submitted by Director of Fisheries for strengthening the internal Audit wing of the Department. The proposal submitted are for strengthening the wing and thereby able to conduct Audit in all Sub Offices and all Agencies under the Administrative control of this department. The file has been forwarded to Vigilance (C) Department on 10-7-2006. Strict action is being initiated against the officials who are found responsible for irregularities detected by the Internal Audit Wing.

**Recommendation**

*(Sl. No. 6, Para. No. 94)*

- 2.7 The Committee understands that the State's budget allocation for implementation of Centrally Sponsored Schemes, often becomes unutilized due to delay in approval of the schemes. The Committee desires to know the actions which are being taken by the department for getting early approval of Centrally Sponsored Schemes. Hence it is suggested that earnest efforts should be taken for getting early approval of the Schemes.

**Action Taken**

- 2.8 Regarding Centrally Sponsored Schemes, the State's budget allocation included the central share. While implementing the scheme proposal is submitted to Government of India and the Government of India used to reimburse the central share expended by the State Government.

**Recommendation**

*(Sl. No. 7, Para No. 95)*

- 2.9 The Committee expresses its strong dissatisfaction over the fact that the Chief Controlling Officer of Fisheries Department is not verifying the cash balance at the end of each month as specified in Kerala Treasury Code. The Committee recommends to take disciplinary action against the official who failed in verifying the cash balance at the end of each month.

### **Action Taken**

- 2.10 Cash Book maintained by the cashier of the office is being closed regularly and the totaling of the cash book is verified by the Administrative Assistant, who is the drawing and disbursing officer. Monthly verification of cash balance is done by the Administrative Assistant and a certificate to this effect is recorded as provided in Rule 92(iv) of Kerala Treasury Code. The Director of Fisheries is also verifying cash balance at the end of each month since 31-10-2009.

### **Recommendation**

*(Sl. No. 8, Para No. 96)*

- 2.11 The Committee condemns the irresponsible attitude of the department in not monitoring the utilization of funds by local bodies which resulted in denial of benefits to the poor fishermen. Therefore, the Committee urges the department to monitor the implementation of schemes, the funds of which have been transferred to Local Self Government Institutions.

### **Action Taken**

- 2.12 Consequent on the implementation of Kerala Panchayath Raj Act 1994, funds for implementing the schemes such as Theerajyothi, Matsya Bhavan, sanitation, etc. were directly released to the Local Self Government Institutions. Failure on the part of LSGIs in maintaining proper record for such amounts and the freezing of TP Accounts resulted in non utilization of the funds released. Funds are not directly released to the local bodies now. In the case of schemes like construction/modernization of markets implemented through LSGI's funds are released in installments after ensuring the completion of each stage of construction.

### **Recommendation**

*(Sl. No. 9, Para No. 97)*

- 2.13 The Committee recommends the department to expedite measures to get all the motorized vessels plying in Kerala waters registered after checking the details as per Kerala Marine Fishing Regulation Act, 1980. The Committee regrets to note that though the details such as the implementation of the scheme in other districts, the utilization of amount involved etc. were

assured to be submitted by the department the same are yet to be received. Hence, it is suggested to furnish the desired details without any delay. As after as the collection of insurance premium is concerned, the Committee suggests that this premium need not be collected further.

#### **Action Taken**

- 2.14 In G.O.(Rt.) No. 318/2007/F&PD dated 19-5-2007, it was decided to give a chance to the owners of all fishing vessels operating in the territorial waters of Kerala to obtain registration/fishing license under KMFR ACT, 1980 within one month from the date of order. The last date fixed for registration was extended on various occasions and lastly, extension has been granted up to 31-12-2011 vide G.O.(Rt.) No. 478/11/F&PD dated 5-7-2011. Registration of vessels commenced on 9-8-2007 in pursuance of order dated 19-5-2007 after giving wide publicity and duly observing all formalities. Registration has been issued to 23131 fishing vessels as on 30-11-2011.

The details regarding implementation of the scheme on other districts will be submitted soon.

Payment of insurance premium on boats given on hire purchase was discontinued from the financial year 2006-07 onwards as directed in Government letter No. 2828/B3/2006/F&PD dated 25-4-2006.

#### **Recommendation**

*(Sl. No. 10, Para No. 98)*

- 2.15 The Committee would like to be appraised of the details regarding the Government properties vested with Fisheries Department. Hence, the Committee recommends that the department should take immediate measures to assess the exact area of land in possession with the Fisheries Department.

#### **Action Taken**

- 2.16 Details regarding the Government properties vested with Fisheries Department are enclosed as Annexure.

**Recommendation**

(Sl. No. 11, Para No. 99)

- 2.17 The Committee finds that due to failure of the department in timely renewal of licenses issued to marine fishing vessels, Government have incurred loss of public money. Hence the Committee suggests the department to implement effective measures to renew the existing licenses and issue I.D. Cards to the boatmen at the earliest and to take constant vigil to check intrusion of outside fishing vessels. The Committee also feels that the failure in timely renewal of license of marine fishing vessels cause accidental deaths apart from revenue loss and hence urges to fix responsibility against the officials who are responsible for it.

**Action Taken**

- 2.18 The KMRF Act, 1980 stipulates registration of every vessel used or intended to be used for the purpose of fishing in the territorial waters of Kerala, except those registered under Marine Products Export Development Authority Act 1972. In G.O.(Rt.) No. 219/86/F&PD dated 21-4-1986, it was decided that registration should not be given to mechanized boats after 31-7-1986. It was observed that many vessels were engaged in fishing in the territorial water of Kerala without registration and license due to the practical difficulties in strict enforcement of the provisions of KMFR Act.

Permission was granted for the issuance of registration/fishing licenses to all the unregistered and unlicensed vessels operating in the territorial waters of Kerala vide G.O.(Rt.) No. 432/93/F&PD dated 10-12-1993. It was ordered that the registration shall be completed by 31-1-1994. This time limit was further extended up to 31-12-1994 vide G.O.(Rt.) No. 423/94/F&PD dated 26-10-1994.

Some of the boat owners approached the Honourable High Court of Kerala challenging the decision of Government in allowing registration of new boats and registration was stayed up to 12/94. Registration and licensing was not effectively done even after 12/94 due to various reasons including the lapses in the KMFR Act 1980. For example, vessels registered under marine Products Export Development Authority need no registration under KMFR Act.

A Committee constituted by Government in 1998 had recommended after extensive study and verification that all fishing vessels operating in the territorial waters of Kerala should be regulated by registration and licensing. A quick survey conducted by the department during the trawl ban period of July 2006 revealed that 3451 fishing boats were operating in the territorial waters of Kerala. Of this 2962 Nos. were registered either in Fisheries Department or MPEDA or Port, and 259 alone were registered in Fisheries Department. 489 boats were not having any registration or license. In addition to this, 589 big vessels fitted with inboard engines were operating in the coastal area.

Considering all these facts, a proposal was submitted to Government in letter No. G3/12760/2006 for giving an opportunity for re-registering all fishing vessels registered in other agencies and for registering all unregistered vessels. This proposal was accepted and permission was granted to the owners of all fishing vessels operating along the Kerala coast to obtain registration/fishing license within one month as per G.O.(Rt.) No. 318/2007/F&PD dated 19-5-2007. This time limit was extended on various occasions and of late, extension has been granted up to 31-12-2011 vide G.O.(Rt.) No. 478/11/F&PD dated 5-7-2011.

It may be seen that there were some practical difficulties in registration and renewal of licenses of fishing vessels operating along the Kerala coast till the issuance of the Government Order dated 19-5-2007.

Government of India had approved a scheme on issuance of Biometric Identity Cards to the fishermen of the coastal states and Union Territories vide letter No. F/30035/3-2009-FY(1-1) dated 11-12-2009. Administrative sanction was accorded for implementation of this project vide G.O.(Rt.) No. 137/2010/F&PD dated 18-2-2010. Data collection and authentication is the responsibility of the department. Personalization and production of biometric cards in Kerala has been entrusted to India Telephone Industries Limited, Palakkad. Biometric card is to be issued to 236268 Nos. fishermen in Kerala. The Department has collected data in respect of 166952 fishermen so far and the same have been handed over to ITI Palakkad for issuance of biometric identity card. The work of collection of data in respect of the remaining 69316 cases is in progress.

**Recommendation***(Sl. No. 12, Para No. 100)*

- 2.19 The Committee desires to know the present position of the proposal that the department had submitted to the Government for constituting a relief fund to fisher folk.

**Action Taken**

- 2.20 A proposal was submitted to Government of India for setting up a relief fund for fisher folk. Sanction in this regard is still awaited.

**Recommendation***(Sl. No. 13, Para No. 101)*

- 2.21 The Committee urges the department to provide a report stating the present position of marine patrolling conducted by the impounding officers and the details of vessels operational under the Fisheries Department with search operation system.

**Action Taken**

- 2.22 Sea Patrolling is being done by impounding officers as per Government Notification (list enclosed). Regular patrolling and sea rescue operations are done through patrol boats located in each Fisheries Station.

Sl. No.	Fisheries Station	Number of Boats	
		of Department	under rent
1	Vizhinjam	1	1
2	Neendakara	1	1
3	Vypeen	1	1
4	Beyapore	..	1
5	Kannur	..	1

### **Recommendation**

*(Sl. No. 14, Para No. 102)*

- 2.23 The Committee blames the department for not maintaining proper registers. The file or register containing the details of the 16 pending cases in which serious financial irregularities occurred was not readily available. The department officials seems to be unaware of the facts mentioned in the audit paragraphs. It is also very much deplorable the fact that the department has not furnished Remedial Measures Taken on the paragraph even after several years.

#### **Action Taken**

- 2.24 Details of disciplinary cases involving financial irregularities relating to the period from 1993-94 as of March 2006 has been submitted by the Director of Fisheries. It has been certified by the Deputy Director of Fisheries, Kollam on 20-2-2009 that all the control registers vide KFC [Viz., those referred to under para (V)] would be maintained by him.

### **Recommendation**

*(Sl. No. 15, Para No. 103)*

- 2.25 The Committee condemns the action of the department to spend the interest accrued on Savings-cum-Relief Scheme for buying stationery and for miscellaneous expenses and urges the department to chalk out a scheme for distributing the interest of SCRS to the eligible fishermen during the lean periods. A detailed report of the action taken on the pending disciplinary cases in the Fisheries Department should also be submitted to the Committee at the earliest.

#### **Action Taken**

- 2.26 Amount collected from the beneficiaries on various dates is credited to the bank account maintained in each district. Hence, it is not practical to arrive at the amount of interest due to each beneficiary. Therefore, a proposal was submitted to Government of India for setting up a Fisheries Ministers Relief Fund to help the fisher folk, utilizing the interest accumulated so far. But sanction on the proposal is still awaited from Government of India. All the beneficiaries are required to open bank account for enrolling in the

Savings-cum-Relief Scheme during 2011-12. The interest accrued from the current year onwards can be easily transfer credited to the respective bank account of the beneficiary concerned.

The action taken on the pending disciplinary cases in the Department is enclosed.

### **Recommendation**

*(Sl. No. 16, Para No. 104)*

- 2.27 The Committee views with great concern the fact that majority of the boats plying with Kerala Waters do not have valid licenses. Therefore, the Committee recommends that the department should expedite steps to get the unlicensed vessels registered and license renewal shall be made only after thorough inspection of the vessels.

### **Action Taken**

- 2.28 According to the Order in G.O.(P) No. 11/07/F&PD dated 16-3-2007, registration and license for fishing vessels are issued after conducting physical verification of the same by the Departmental Officers. As per G.O.(Rt.) No. 478/11/F&PD dated 5-7-2011, the time for registration of fishing vessels has been extended till 31-12-2011.

### **Recommendation**

*(Sl. No. 17, Para No. 105)*

- 2.29 The Committee understands that the Government Department or the Fisheries Directorate had not demanded report from the Deputy Director, Kollam on the finding in the audit paragraph. This is an irresponsible act and the Committee severely criticizes this inaction.

### **Action Taken**

- 2.30 Vide letter No. E3/2618/09 dated 19-2-2009 the Fisheries Director had demanded report from the Deputy Director of Fisheries.

**Recommendation**

*(Sl. No. 18, Para No. 106)*

- 2.31 The Committee wants to be furnished with a detailed year-wise report for the years from 1996-2009 regarding the amount allotted/spent for various schemes by the Deputy Director, Fisheries, Kollam at the earliest.

**Action Taken**

- 2.32 Details regarding the amount allotted/spent for various schemes for the period from 1996-2009 by Deputy Director of Fisheries, Kollam are enclosed herewith (Enclosure attached).

**Recommendation**

*(Sl. No. 19, Para No. 107)*

- 2.33 The Committee urges the department to strictly comply with the provisions in the Financial code regarding maintenance of office records such as Inspection reports, objection slips, recurring charges, schedule of recoveries of advances, immovable properties etc. up-to-date and to collect monthly collection details from the subordinate officer and to furnish them to the Chief Controlling Officer in time.

**Action Taken**

- 2.34 Strict instructions have been given to all subordinate officers to maintain the office records specified in the financial code and to furnish monthly DCB statements to the Chief Controlling Officers.

**Recommendation**

*(Sl. No. 20, Para No. 108)*

- 2.35 The Committee finds that registers regarding renewal of licenses to fishing vessels are not maintained properly and hence suggests that the department should take necessary steps to enter the details such as date of renewal and license fee collected in the registers concerned without delay. The Committee also directs to fix responsibility and take disciplinary action against those officials who failed in maintaining the said registers properly.

### **Action Taken**

- 2.36 All Marine Deputy Directors and Assistant Director in Fisheries Stations have been directed to maintain separate registers regarding the details of registration and license of fishing vessels. The Director of Fisheries has been requested to fix responsibility and take disciplinary action against those officials who failed in properly maintaining the registers regarding renewal of license of fishermen.

### **Recommendation**

*(Sl. No. 21, Para No. 109)*

- 2.37 The Committee views that the department is not paying enough attention to impart awareness among the fishermen regarding the need to renew their licenses in time and urges the department to take appropriate steps in this regard.

### **Action Taken**

- 2.38 Fishermen are being advised by the officials in District Offices and Fisheries Stations under Fisheries Department for the annual renewal of registration and license of fishing. Besides, the Marine Enforcement wing under the department, ensures the renewal of license of fishing vessels and does sea patrolling properly.

### **Recommendation**

*(Sl. No. 22, Para No. 110)*

- 2.39 The Committee expresses its displeasure over the inaction of the department in not furnishing the additional details required by the Committee during its visit to the Office of the Deputy Director of Fisheries, Kollam on 9-2-2009 even after repeated communication sent to the department.

### **Action Taken**

- 2.40 The Additional details for query No. 2 and query No.1, furnished by Director of Fisheries is enclosed.

### **Recommendation**

*(Sl. No. 23, Para No. 113)*

- 2.41 The Committee urges the department to exercise caution and verify the status of the intermediaries with the international companies before entering MoU with intermediary firms in future.

**Action Taken**

2.42 Matsyafed is importing Our Board Motors from M/s Suzuki Motor Corporation, Japan directly by opening irrevocable letter of credit through the Nationalized Bank based on the proforma invoice furnished by the Company concerned without any intermediaries. As recommended by the Public Accounts Committee Matsyafed will be very cautious in international business dealings and avoid intermediaries in future.

Thiruvananthapuram,  
30th June, 2015.

DR. T. M. THOMAS ISAAC,  
*Chairman,*  
*Committee on Public Accounts.*

## APPENDIX I

## SUMMARY OF MAIN CONCLUSIONS/RECOMMENDATIONS

Sl. No.	Paragraph No.	Department concerned	Conclusions/ Recommendations
1	1.3	Fisheries & Ports	The Committee opined that the programme was a total failure and directed the department that before starting such micro enterprise programmes, this experience must be borne in mind.
2	1.6	„	The Committee directed that in future the department must be watchful in submitting the proposals to the Central Government in time.
